[Critical Approaches to Comparative Education](#) the new title: [Critical Approaches to Comparative Education](#), edited by Frances Vavrus and Lesley Bartlett. We believe this volume will join those classics that have preceded it in helping to define and guide the field of Comparative and International Education. Together with a distinguished group of scholars who bridge theory and practice, they have produced a volume that will deepen our [Critical Approaches to Literature](#) - [home.olemiss.edu](#) [Critical Approaches to Literature](#) history, and comparative religion, mythological criticism explores the artist's common humanity by tracing how the individual imagination uses myths and symbols common to different cultures and epochs. One key concept in mythological criticism is the archetype, a symbol, character, situation, or image that evokes a deep universal response.
