Senegal has a reputation of being one of the few stable
democracies in West Africa. This perception was
confirmed by the recent 2012 elections marked by the third
peaceful transition of power from one president to the
other two of which took place following credible
democratic elections.

This book examines the role of nonformal education
(NFE) in African languages in promoting democracy in
Senegal. Using data from a survey of rural Senegalese
citizens, this is the first study to empirically test the effects
of NFE on political participation and attitudes.
