Germany 1945: From War to Peace: Richard Bessel ... From the Back Cover, 1945 was the most pivotal year in Germany's modern history. As World War II drew to a devastating and violent close, the German people were confronted simultaneously with making sense of the horrors just passed and finding the strength and hope to move forward and rebuild.

Germany 1945: From War to Peace by Richard Bessel Germany 1945:From War to Peace is an examination of what Germany went through in 1945. It's a look at what the Germans experienced in the last five months of World War II and how Germans began the recovery from the Nazi years and the massive destruction of their country in the months following the end of the war in Europe. Richard Bessel - Wikipedia

Richard Bessel is professor of twentieth century history at the University of York and a member of the editorial boards of German History and History Today. Bessel is a specialist in the social and political history of modern Germany, the aftermath of the two world wars and the history of policing.

GERMANY 1945 by Richard Bessel | Kirkus Reviews Such was the case when Nazi Germany fell in the first months of 1945, encircled by mighty Allied armies determined to put an end to Hitler's regime. That year, writer Bessel (History/York Univ.; Nazism and War, 2004, etc.), began with a bloodbath, following the American and British breakthrough in the West after the unsuccessful breakout that would become known as the Battle of the Bulge.
