[UNU-WIDER ; Working Paper ; Latin American Urban ...](#)

[Latin American Urban Development into the 21st Century Towards a Renewed Perspective on the City This paper argues for a more systemic engagement with Latin American cities, contending it is necessary to reconsider their unity in order to nuance the fractured cities perspective that has widely come to epitomise the contemporary urban moment in the region.](#)

[Latin American Urban Development into the 21st Century ...](#)

[By the dawn of the 21st century, more than half of the world's population was living in urban areas. This volume explores the implications of this unprecedented expansion in the world's most urbanized region, Latin America, exploring the new urban reality, and the consequences for both Latin America and the rest of the developing world.](#)
