As thirty-six is the square of six, it therefore acted as a metaphor for numerous strategies. Since W'ng was not referring to any thirty-six specific stratagems however, the thirty-six proverbs and their connection to military strategies and tactics are likely to have been created after the fact, with the collection only borrowing its name from W'ng's saying.

The Thirty-Six Strategies is a unique collection of ancient Chinese proverbs that describe some of the most cunning and subtle war tactics ever devised. Whereas other Chinese military texts such as Sun Zi's The Art Of War focus on military organization, leadership, and battlefield tactics, the Thirty-Six Strategies are more suitably applied in the fields of politics, diplomacy, and espionage
