This book examines the contributions of Toyin Falola to the field of African Studies since 1960, providing readers with the opportunity to review his work and introducing theoretical and methodological approaches for assessing his scholarship. Toyin Falola has attracted considerable academic attention as a leading African historian of this generation. Wide-ranging analyses of his career and [Toyin Falola and African Epistemologies eBook: A. Bangura ...](#)

The legendary humility of Toyin Falola disguises the unfathomable depth of his knowledge. With seven books and several essays on him, the attempt to understand Falola has become both an industry and a religion an industry because the plethora of his original ideas demand interpretation and intervention; and a religion because of his uncommon
